Advent 2008

# HERALD

## The Gift of Advent

Advent means "Coming" and indeed, it is a time to prepare for the Coming of Christ. We stand between the two Advents of Christ--the first in lowliness and humility and the Second in Glory and Majesty. These four weeks have long been a penitential season in the life of the Church--an opportunity to prepare ourselves that this Christmas amidst the busy-ness there would be room in our hearts for Jesus.

I encourage you in the observance of Advent in your home. There are many helpful resources online for making your own advent wreathes.

The following may be a helpful link-----  
<http://www.kingofpeace.org/advent/index.htm>.  
May this be a blessed season for us all in preparing for the greatest Gift.

Science Fiction takes us out of this world--often to galaxies far, far away--but it is still us, Man, that is being taken into these strange new worlds. Whether we are considering, animals and lower-life forms, robots made in our own image or looking into the eyes of a vastly superior alien, the fundamental question of Science Fiction is, "What is Man?"

The Scriptures--and particularly Genesis 1-3--are also concerned with this very question. In a three week series we're going to consider

through SF film, some of the ways this question can be explored in light of the Scriptures. So strap on your imaginations, strap in, and join us as we take off on an exciting multi-media exploration of the world
